

JESOLO

GOLF CLUB & APARTMENTS

GOLF AND TOURISM

Golf Club Jesolo was completed in 2004 in Jesolo, within a 30-minute drive from Venice.

It is a tourist paradise divided into a golf club with an 18-hole golf course and a residential area. The resort is surrounded by greenery and integrated with the local area, which is enjoyable for golfers and non-golfers. The famous sandy beaches of Jesolo are within walking distance. Venice is reachable in an hour by ferry or in 40 minutes by car.

The inland offers particular production areas such as *Prosecco*, unique food products, and many other excellent golf courses.

- Golf holidays from 4 to 28 nights
- Accommodation next to the golf course
- Unlimited golf

GOLF

Architects *Gian Paolo Mar* and *Marco Croze* have created a high-class project for the symbiotic coexistence of golf and holiday.

The golf course has 18 holes, par 72, bordered by bunkers and water mirrors. Its almost unique feature is the highly draining soil. This morphological conformation allows the Jesolo Golf Club course to be counted as one of the best locations for practising golf in any weather, even more so in winter.

A driving range with double stations, two executive holes, a putting green and a dedicated pitching area meet the technical needs of golfers of all levels.

GOLF CLUB

7 modern apartments overlooking the greens. The proximity to the clubhouse is particularly conducive to the daily practice of golf.

The apartments have a double bedroom, bathroom with shower, a living room with kitchenette and a sofa bed. Parking and entrance to the driving range are included.
